Hi Rebecca,

We've been really pleased with the submissions so far that we have received.

Before we pass along our recommendations on Thursday, we would like to get payment finalized.

Shannon, our Director of Operations, will be re-sending out the invoice and W9 to you later today.

Looking forward to seeing who you select :)

This is great~

We will try to get the flyer done before then if we are to meet our end of January install. With the holidays, we will need time to receive submissions, get an approval and install rather quickly.

I would like to start distributing the flyer to artists by the end of next week.

Thank you Rebecca!

Looking forward~

Hi Carmen, we'd like to use the same copy used in the sample flier you sent! Just replace the Hollywood info with Larchmont Village BID. Let's also add the submission deadline to the flier: December 8

Our logo is attached. If possible, please also include the watercolor (also attached) somewhere in the flier. (It's not really necessary if it's too challenging because we show it on the application.)

URL is larchmontvillagebid.com

Heather, please confirm we have all the passwords for our site so we can have Christophe create a link to the application from the home page.

We'd like to have this ready to go early next week if possible so artists have plenty of time to submit.

Thanks!
Rebecca

Hello Rebecca,

Here is an example of other fliers that were created and branded to fit this District.

To answer your question, YES - we would go back to the drawing board or solicit specific artists that we like in this case!

Best!

Ma'ayan and Carmen — I'm awaiting final approval on this — will have it to you asap.

One question that came up: what if our board doesn't like any of the submissions? I'm sure this is HIGHLY unlikely, given your outlined process and two of the artists we know who are interested in submitting, but would we go back to the drawing board with submissions and gather more?

Thanks! There isn't a reference to the watercolor I had attached. Is that intentional or is there a way to let artists know that's what's already on the street?

I also realized I didn't attach the higher res logo — here you go. Is that high enough?

Timeline looks good!

Thank you, Ma'ayan! This looks great. A couple things:

— there are 2 places where Larchmont Village is referred to as “the” Larchmont Village. Please just take out “the”. It’s here and in the next line: **What is your favorite aspect of the Larchmont Village?** *

— we would like to be sure artists are aware of the BID’s description of our village, listed here <http://larchmontvillagebid.com/index.php>, and the artwork that’s already on the side of the Big Belly trash and recycling bins on the street (see attached)

— for the timeline, we’d like to have this installed in January instead of December. It might get lost in the holiday shuffle of all the things we have going on in the Village around Christmas if we install the art on 12/23

Heather and Tom, do you have anything to add?

Thank you!
